### A Few Lines from the Editor:

Learned Members & Members' Families,

When I was made responsible for "The Centurian" for the year 2008-2009, lots of confusing thoughts passed through my mind.

I asked myself what value addition can I bring to "The Centurian".

I ultimately got the answer from within, the value addition cannot be from me but it can only be from all our strong 1200 + Members, their families and children.

First step should be to convert "The Centurian" from a "Monologue" to a Dialogue". Your contributions can make it a Dialogue.

It should go beyond a couple of Photos of happenings in this Club with write ups, programme scheduled for the coming days and so on.

Now the Ball is in your court.

We look forward to valuable contributions on variety of Topics, from Members, families and children from all walks of life. There are Doctors, Engineers, Teachers, Advocates, Administrators, Businessmen and so on amongst us.

Please place your knowledge in "The Centurian" for the benefit of fellow Members. I am always available to you at 9848192024.

Anticipatingly Yours,  
**K.V.V. Satyanarayana**
